If you would need more than 6 visits or a touch up on a certain area, the price would be \$35 for 15 minutes or less or ½ of the individual session price, whichever is less. Anything over 15 minutes is not considered a touch up and would be at ½ the session rate. Hair removal treatments received from another practice does not automatically constitute maintenance prices at L'Idée.

Vein Treatment

Spider veins (telangiectasias) are those unwanted blood vessels that make their appearance on our skin. Sometimes they appear on our face as facial veins, across our nose, on our cheeks, or along our forehead. In other cases they spread out across our legs, making us insecure about wearing shorts or skirts. Regardless of where you have them, they are treatable.
